EVENT SPONSORSHIP

Saving the Earth from Us

Gilchrist Park, Punta Gorda

Saturday, August 25, 2018

9:00 am - 12:00 pm

At Green Living Green Planet, our mission is to educate people to live healthy, co-exist with other species and preserve the planet.

As such, we can't stand idle and watch turtles gasping for breath, dead manatees floating and children, families and seniors struggling to breathe at the beach. It is very painful to be a witness and feel powerless to do anything about it to help stop the ongoing devastation. We invite you to join our efforts to do something about it!

We are organizing the ***Saving the Earth from Us Event*** to increase awareness and present people with healthy alternatives to help reduce our chemical impact on land and sea such as:

- a) Increasing awareness to reduce toxic chemicals in our food
- b) Making the pledge to drink out of anything but Plastic
- c) Participating in our anti-litter campaign
- d) Learning to compost to reduce the impact of fertilizers

We need your help!!!

This is your opportunity to do something on a personal and business level.

ALL sponsors shall be proudly displayed at the event & on the Green Living Green Planet website
